CONTRACT AWARDED

Borough Buys 500 Feet of Fire Hose From Fabric Company

COUNCIL HEARS REPORTS

The contract for furnishing the borough of Charleroi with 500 feet of fire hose was awarded to the Fabric Fire Hose company of New York city, by council at a meeting held Friday night. Not only was the contract awarded but it was also signed up, the agent of the concern, C. C. Lindsey of Pittsburgh being present. It was the intention to buy 1,000 feet of fire hose, but owing to the state of the borough finances this was deemed not advisable. The meeting took the place of the regular monthly session which was scheduled to have been held last Tuesday evening.

A number of reports were read from various borough officials. Burgess George W. Risbeck reported that during September there had been \$55.75 received in fines from 54 arrests. Of the total sum assessed, \$81.75, there had been \$26 served out in time.

Tax Collector Mathias reported that the amount of tax money he had turned over to the treasurer for the years 1909, 1910, 1911, and 1912 was \$3,025.21.

Borough Treasurer T. R. Eage reported that receipts during the previous month amounted to \$3,682.81, and that the disbursements amounted to \$2,240.32 which permitted the paying off of small overdraft and leave a balance in the treasury of \$1,405.63.

An ordinance for the grading and paving of Peach alley from Long alley to Fallowfield avenue was presented and passed first reading.

Harry Perry asked permission of council to install a motor for hauling stone to the site of the new school building on Sixth street, his object being to attach a cable for pulling wagons up the hill. The permission was granted.

Several requests and complaints were heard. Among them were one from Mrs. Bertha Nastansky, who stated in a communication that water was undermining her property on Shady avenue; one from Desire Jacquelin seeking improvement of an alley back of his property between Ninth street and the Crest avenue school building; and one from Joseph Mouchecourt asking for the locating of a catch basin on Third street and Crest avenue. The street committee was instructed to look after the various matters.

The street committee and Borough Engineer Alexander Gray were instructed to perfect some arrangement with the Hussy-Binns Shovel company for a better sewer than is now being used leading from McKean avenue to the river at Third street.

Small Fire on Roof.
The firemen were called out at 1:20 o'clock this afternoon by an alarm of fire from the home of Samuel Claybaugh on Washington avenue between Third and Fourth streets. A small blaze had been started through sparks from a fire falling on a shingle roof. The damage was practically nothing, the flames being extinguished before they got a good start.

In his announcement he requests teachers and pupils and citizens of Pennsylvania to use that day for planting of trees and carrying on of such exercises as will give a proper appreciation of the forests. He specifies especially that attention should be paid to the chestnut tree and its preservation.

MOOSERS ORGANIZE

Local Club of Roosevelt-Johnson Supporters is Formed

ENTHUSIASM IS SHOWN

Bull Moose sympathizers cast their hats into the political ring here on Friday night when they perfected a Roosevelt and Johnson club. Following the tactics adopted by the Republicans and Democrats in the organization of political societies for the propagation of their doctrines, a meeting was held in the Lowmutter building on Fallowfield avenue, and with a show of much enthusiasm the preliminaries were gone through which they hope will go far towards giving Col. Roosevelt and his running mate a big vote in this community.

Guy Moffitt called the meeting to order and stated the purpose. Officers were elected as follows: President, Dr. H. J. Repman; vice president, George S. Micht and W. J. Monroe; secretary, Guy Moffitt; treasurer, Albion Bindley. Nearly 100 were present and the names of those who affixed their names to the list of members.

Rufus Marriner, an attorney of Washington who figured extensively in the Keystone campaign against Gov. Tener and who later vigorously espoused the Keystone cause was the chief spellbinder. His address was really the only one scheduled. Mr. Marriner spoke of the predatory interests and the judiciary declaring things needed cleaning up. He charged Penrose with making the laws of Pennsylvania as he saw fit through his Sunday afternoon conferences. The legislature he asserted was like other things somewhat rusty.

Goodloe Thomas, editor of the Friday Evening Call of Monessen made a short talk boosting the Roosevelt principles. He was followed by T. J. Allen, of Charleroi, who is a candidate for Assembly.

Preparations were begun to open up campaign headquarters and a house committee consisting of J. C. Brenton, H. E. Moffat, J. C. Holshu, Samuel Pardoe and Thomas Owens, Sr., was appointed to look after the matter of securing rooms.

The scale was put into effect following a meeting recently, and it is stated practically all the local physicians are parties to the increase. Henceforth day visits will cost \$1.50 instead of \$1, the time of the day visits being retained as between the hours of 7 and 10 o'clock. Night visits will cost \$2. The regular charge for obstetrics will be \$15, the former charge having varied from \$10 to \$15. Dr. H. J. Repman is president; Dr. J. Clive Enos secretary and Dr. Edwin McKay, treasurer of the local organization of physicians.

POWER IS LIMITED

Sealers Cannot Go Back of Local Dealers in Prosecutions

MIKESELL DEFINES LAW

According to Sealer of Weights and Measures O. E. Mikesell officials in the various counties of the State looking after the inspection of weights and measures can extend their jurisdiction no farther than the home dealer. Mr. Mikesell says:

“We cannot go back of the retail dealer. If one of them has a set of scales that gives short weight, our duty is not to find the maker of the scales; we are concerned only with the one who is found using it to the consumers loss. Many people do not understand this.

“These ask, why don't the sealer of weights and measures go after the manufacturer of the defective scales or the deceiving measures? The answer is, because he would be powerless to act in that instance. The maker is not offering merchandise for sale. He might have short measures in his possession, but we would be powerless to act unless he was discovered attempting to sell something below the standard.”

Miscellaneous Shower Given
A miscellaneous shower was given for Miss Winifred Martin Friday evening by a number of her girl friends in honor of her approaching marriage to Herbert Mason. The affair came as a surprise to Miss Martin, arrangements being perfected while she was absent the fore part of the evening from her home. She received numerous presents.

MERRY WAR FOR JOBS

Factions Fighting for Control of Miners' Organization

MANY HATS IN RING

That there will be a fight to the finish in the Pittsburgh district between the regular men in the ranks of the United Mine Workers organization the term regular applying to those staunch persons who supported Feehan during his regime as President of District No. 2, and a faction known as the Progressives led by Michael Halapy, a Socialist of note seems certain. Halapy was the contender last year for the election of President of the district against Francis Feehan. Van Bittner, who is now serving the miners of this district as president to fill out the term of Francis Feehan, resigned, will be the candidate on the “regular” ticket.

The ticket of which Halapy is the head is thoroughly Socialist, in spite of the oft reiterated assertion that politics was to be kept out of the miners' organization. The lineup complete is as follows: For president, Michael Halapy; vice president, William Hynes of Fayette City; secretary-treasurer, Leroy R. Bruce of Altoport; international board member, W. H. Connor, Hays.

Halapy and his men will conduct a most aggressive fight. Since the last election when Halapy was plainly defeated by Feehan, his friends have been making claims that they were not given a square deal. This is being used as political thunder, and they hope to sweep the district to such an extent that all possibility of a muddle will be eliminated. An unique and extensive program has been mapped out, to which all candidates have promised their support. Into the program have been placed the initiative, referendum and recall, applying to miners' officials.

Believable evidences are at hand that the fight will not be between Halapy and Van Bittner, but that E. S. McCullough of Monongahela will thrust himself into the struggle representing like Halapy, an insurgent ticket. His backers approve the initiative, referendum and recall.

During his brief regime, President Van Bittner has made many friends, who recognizing him as a competent official, will fight hard to have him elected to the Presidency.

THE VALUE OF CITIZENSHIP

In a statement recently issued Bramwell Booth, the new head of the Salvation Army declares it is his great hope to make men realize the value of citizenship. And in discussing this mighty problem General Booth takes occasion to score the prison plan as a supposed remedy for the derelicts of society, says the Beaver Times.

The treatment of every needy individual according to his particular requirements is the thing urged by General Booth and in this connection he lays stress on his plan to establish detention colonies for vagrants. In such colonies General Booth sees safety for society and also the hope of restoration of many vagrants who now are hopeless and whose habits menace society. In the establishing of such colonies the Salvation Army head also sees an opportunity for doing away with rather than building more prisons over the world.

The plan of General Booth has much of hopefulness in it. The locking up and hard discipline of men have never reformed them or made them useful members of society. In this as in everything else we try to do in this world, education must play the most important part. If we must have prisons these prisons should be schools in which the vagrants and the so-called criminals may be treated for their individual needs; they should be places of education where the inmates could learn something of value and something within their grasp.

The idea is fast gaining ground that the so-called criminal is in reality a sick man who needs treatment as much as does the man suffering from typhoid fever. This is the idea that we must get thoroughly implanted in them and of society before we can hope to do anything toward real reformation. Brutality, bread and water diet and close confinement will not accomplish anything in the way of lessening the number of criminals. These methods but make the deficient one sullen and vengeful and result in making dangerous criminals of what were but petty offenders.

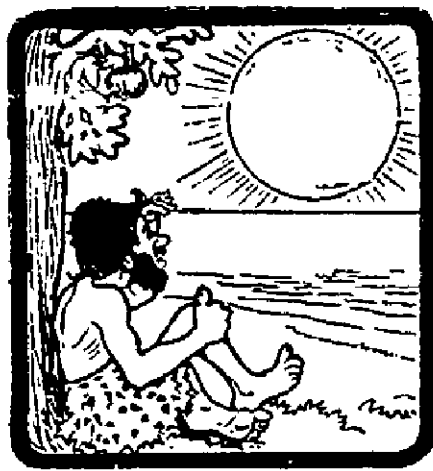

It is a problem in which every one of us has a share and a problem which this old world must solve before we can begin to lay claim to the name of civilization.

PAST PLEASURES

Offhand, one would say the greatest pleasure of recollection lay in the contemplation of past victories. Man might naturally be supposed to cherish more the thoughts of the times when he triumphed than the times when he went down to defeat—may be to defeat that carried with it the world's stigma of ignominious or inglorious. There is something to be said on the other side, however. To have fought and lost, however overwhelming the defeat, however crushing the failure, is something that is sweet to us all and ever has been. True, the pictured scene when the splendid machine—in war, sport, politics or what not—went crashing through the well ordered ranks of the enemy, rendering the foe as pigmies, must be a shining panel of memory. To recall triumphs fairly won and hard fought, is indeed, almost the acme of pleasure. "Sweet is pleasure after pain," sang the minstrel. Sweet, indeed, is the reward of victory.

What of the rewards of defeat? To go down fighting hard for a good cause—no man can really fight hard unless his cause be righteous, to him at least—ought to constitute one of the brightest achievements of life, a rose in the chaplet not lightly to be thrown aside.

NO RESERVED SEATS FOR COURSE THIS YEAR

Contrary to the usual custom there will be no reservation of seats this year for the Charleroi Entertainment Course. The reason is that all the attractions will have to be presented in the Methodist Episcopal church during the erection of the new school building which is to contain a big auditorium and in the church it would be practically impossible to have seats reserved. Committees looking after the preparation of the affair have placed tickets on sale. The first entertainment will be given on the night of November 5, election night. Lee Francis Lybarger, lecturer will appear.

PICKED UP IN PASSING

A traveling man tells the following: Three strangers were in the Pullman smoker, when one of them turned to another and asked:
"How f-f-far is it t-t-t-to P-P-Pittsburg?"

The man addressed made no reply, but got up and left the car. The stammerer then turned to the third man, who gave him the information.

A few moments afterwards the third man met the one who had left the car and said:
"See here! Why did you go out without answering, when that man asked you a civil question?"

"D-D-Do you think I w-w-wanted to g-g-g-tter m-m-m-my head knocked off?" was the answer.

The Rev. John W. Cavanaugh, president of Notre Dame College, tells of a priest who was giving a lecture on the evil of great wealth. In the audience was a man the priest knew. The man was the father of seven girls, and the lecturer pointed to this man as an example.

"Think," said the priest, "of being the proud father of seven daughters. Think who is happier—the man with a million dollars or the man who is the father of seven daughters."

"I will ask you, Mr. Sheldon, who do you think is the happier?" said the priest, pointing to the subject of his argument.

The man arose and said:
"Father, I think that a man with seven daughters is the happier. A man with a million dollars worries for more. A man with seven daughters never does."

MONONGAHELA MAN HUNTING HIS MONEY

Hopeful that he will get back \$1,000 from which he was separated through the shrewdness of two cover windlers several days ago, Elias Haddad, a Syrian of Monongahela has gone to Youngstown, Ohio, together with a friend to ascertain if two men arrested there are the ones at whose hands he suffered. Haddad was the man who was prevailed upon to invest in Ohio real estate and was foolish enough to deposit his thousand simoleans in a tin box along with what was told him was the balance of the money to complete the deal.

Haddad thought he saw the entire transaction and when he was told to watch the box to see that it didn't get away, he quickly acquiesced. After standing over the box for a period of about five hours he reached the conclusion that something was wrong, and started out to find the two men. Instead he found a policeman and the box was opened. It contained nothing but rolls of paper, it having evidently been substituted for the one which really did contain the money.

PITTSBURG PICTURE Coming to Coyle

A two reel feature will be the attraction at the Coyle Theatre on next Thursday. A number of the scenes are taken in the Pittsburgh Steel district. The story is of a little youngster who thinks his "Daddy" stands next to a man. Their home is in the steel manufacturing territory which borders Pittsburgh. The little fellow has seen a stranger borrow his "Daddy's" knife and fail to return it. The next day he murdered body of the father in the mill department in which the father worked is found and near him lay the knife which the stranger had borrowed. So the little boy's father is arrested on this evidence and held by the coroner's jury for murder.

The youngster tries to tell of the strange man, but his story is not accepted. Having heard his father often speak of President Taft and Justice he determines to go "nigher up" with his "Daddy's" case.

He steals away from home, climbs aboard a train to Washington and persuades the trainmen to carry him through. He arrives and inquires his way to "Mr. Taft's" only to be refused an audience when he gets to the White House. That night he sleeps in the White House grounds and as he is being awakened the next morning by a guard, a crowd of the usual curiosity inclined gather about and among them the little hero recognizes the stranger who borrowed his father's knife. Jumping on the bench he points him out and commands the policeman to arrest the man. Something in the child's accusation and the man is arrested, taken to the station house and there confessed. A telegram is sent to Pittsburgh. The jury is just about to render a verdict of guilty when the messenger arrives. The youngster has saved his "Daddy."

MONESSEN ELKS PLAN ERECTION OF NEW TEMPLE

Monessen Elks are planning the erection the coming year of an Elks Temple on a site recently purchased on Seventh street. The structure will be built on two lots. Architect J. C. Lohman has prepared plans for the edifice, which will be 33 feet wide and 105 feet long with a four story appearance in front. It is to be of brick with stone trimmings. The first two stories will be stone and the top brick.

On the first floor, which might be termed the basement floor, will be found the grill room, kitchen, dining room and shower bath. Below this there will be a sun-basement for the lighting and heating plants. The second floor will have ladies' parlors, lodge room, men's smoking room, ante-room, secretary's office and men's and women's retiring rooms. The floor above will be arranged with a stage for minstrels and a hall for dances. The topmost floor will be devoted entirely to steward's quarters.

The plans are so made that parts of the temple may be leased for theatrical purposes and private balls. Likely the contract will be let about the first of the year.

Cushing, chairman; William Frantz, vice chairman; George Holmboldt, secretary and ex-officio member of the committee; Alfred Tanzer, Carl Woodward, Roy Reeves, J. I. Smith, H. F. Craig and H. J. MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not a woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

She Had Consumption, Was Dying; Now Well

Eckman's Alternative is being used with success in the treatment of Tuberculosis in all parts of the country. Persons who have taken it, improved, gained weight, exhausted night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can locate a distributor and judge for yourself. Read of Mrs. Gaver's recovery.

Griffith, Ind.
"I remember: Thinking that perhaps a short story of the remarkable recovery of my mother-in-law (Mrs. Anna Gaver) might benefit some other sufferers, I give the following testimony: About six years ago, she was taken with consumption, pneumonia, and continuing day after day, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once in every four hours. Her cough increased and got so bad that everybody expected that she would not live much longer. In January, when Rev. Wm. Berg, of St. Luke's Church, at Shreveport, Ind., preached her funeral, he recommended that I get Eckman's Alternative, and see if it would not give her some relief. I then requested the attending physician to give her the Alternative. He informed me that she had Consumption and was beyond all medical aid. When I asked if he thought that it was useless to try the Alternative, he replied that 'No physician could help her any and I could suit myself about it.' So I immediately had Rev. Wm. Berg to send for a bottle. Practically without hope for recovery, I insisted that she try the Alternative, which she did. I am glad to say that she soon began to improve. Now, she works as hard as ever, weighs twenty pounds heavier than she ever did before she took sick, and is in good health. She frankly says she owes her life and health to Eckman's Alternative."

(Sworn Affidavit) J. OS. GRIMMER.
Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Trouble, and in upbuilding the system. Does not contain poisons, opiate or habit forming drugs. TEN PARTIES ON BALLOTS

Voter Will Have Trouble Deciphering His Wants When He Gets Ballot

When the voter receives his ballot at the general election in November, he will discover that he will have to do tall thinking to enable him to vote as he desires. Ten political parties will have candidates' names on the ballots. At least that is the number that is on record at the State department and unless some of the parties withdraw their electors there will be 10 columns on the coming ballot.

The ten parties with electors that have filed papers in the State department are: Republican, Democrat, Prohibition, Keystone, Socialists, Washington, Bull Moose, Roosevelt Progressive, Industrial and Lincoln. So the voter "pays his money and he takes his choice."

The last party to file electors was the Lincoln and it got in at the last moment.

The last day for the withdrawal of papers is October 19, and by that time it is expected the dead wood will be gotten rid of and the real candidates made known. Next Monday is the last day for filing objections to papers.

The entire force of the State department, headed by Secretary McArthur and Deputy Secretary, is on the job but it will take them at least two days to get the papers tabulated and placed in a readable form. Two belated papers filed at the State department Wednesday morning, being those of two candidates for representatives on the Socialist and Washington parties in Philadelphia, and they were promptly sent back as not being filed in time. They were registered and consequently were not delivered until too late.

COUPLE DISAPPEARS; MARRIED IN CHICAGO

A letter to a friend in Monessen clears away what for a time was a sort of a little social mystery concerning a young Charleroi couple says the Monessen Friday Evening Call. About two months ago Herman Allshouse a popular attaché of Geo. D. Clark's grocery on Fifth street, dropped out of sight and no one seemingly knew where he had gone. About the first of September Miss Elsie Albright, also employed at the Clark store, disappeared as suddenly and mysteriously as had Mr. Allshouse. The letter to the Monessen friend announces that this young couple were married in Chicago on September 4th and now they are living happily at Gary, Ind., where Mr. Allshouse is employed as inspector in the rail department of one of the mills. It seems that he went directly to Gary and being successful in procuring a position, he broke the news to his "best girl," and she too took the trail, and landing at Gary, the two proceeded to Chicago, which is not far distant and had the nuptial knot tied good and strong and returning, settled down in a neat little home in a busy and progressive town along the lake shore.

I am a woman.
I know woman's sufferings.
I have found the cure.
I will mail, free of any charge, my best-kept secret with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—yes, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What women know from experience, we know better than any doctor. I know that my home treatment is safe and sure cure for leucorrhoea or White Discharge, Menstrual Disorders or Falling of the Womb, Pains in Pelvic Region, Ulcers or Strained Tumors, or Growths; also pains in head, back and bowels, bearing down feeling, nervousness, cramping feeling on the spine, irritability, desire to cry, hot flashes, weakness, kidney and bladder troubles when caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that, if I will send you nothing to give the treatment a complete trial; and if you should not suffer from the same, I will send you a book, "WOMAN'S OWN MEDICAL ADVISER" with complete illustrations showing what women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to take for herself. Then when the doctor says, "You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old and young. To Sisters of Sufferers, I will explain a simple home treatment which speedily and effectively cures Leucorrhoea, Green Discharge and Painful or Irregular Menstruation in young Ladies. Plumpness and health always results from cure.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that the home treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write to-day, as you may not see this offer again. Address

THE VALUE OF CITIZENSHIP

In a statement recently issued Bramwell Booth, the new head of the Salvation Army declares it is his great hope to make men realize the value of citizenship. And in discussing this mighty problem General Booth takes occasion to score the prison plan as a supposed remedy for the derelicts of society, says the Beaver Times.

The treatment of every needy individual according to his particular requirements is the thing urged by General Booth and in this connection he lays stress on his plan to establish detention colonies for vagrants. In such colonies General Booth sees safety for society and also the hope of restoration of many vagrants who now are hopeless and whose habits menace society. In the establishing of such colonies the Salvation Army head also sees an opportunity for doing away with rather than building more prisons over the world.

The plan of General Booth has much of hopefulness in it. The locking up and hard discipline of men have never reformed them or made them useful members of society. In this as in everything else we try to do in this world, education must play the most important part. If we must have prisons these prisons should be schools in which the vagrants and the so-called criminals may be treated for their individual needs; they should be places of education where the inmates could learn something of value and something within their grasp.

The idea is fast gaining ground that the so-called criminal is in reality a sick man who needs treatment as much as does the man suffering from typhoid fever. This is the idea that we must get thoroughly implanted in them and of society before we can hope to do anything toward real reformation. Brutality, bread and water diet and close confinement will not accomplish anything in the way of lessening the number of criminals. These methods but make the deficient one sullen and vengeful and result in making dangerous criminals of what were but petty offenders.

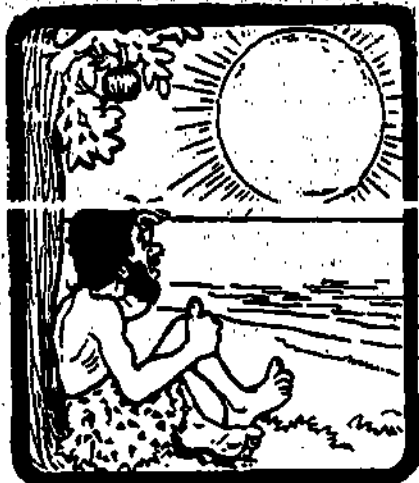

It is a problem in which every one of us has a share and a problem which this old world must solve before we can begin to lay claim to the name of civilization.

PAST PLEASURES.

Offhand, one would say the greatest pleasure of recollection lay in the contemplation of past victories. Man might naturally be supposed to cherish more the thoughts of the times when he triumphed than the times when he went down to defeat—may be to defeat that carried with it the world's stigma of ignominious or inglorious. There is something to be said on the other side, however. To have fought and lost, however overwhelming the defeat, however crushing the failure, is something that is sweet to us all and ever has been. True, the repictured scene when the splendid machine—in war, sport, politics or what not—went crashing through the well ordered ranks of the enemy, rendering the foe as pigmies, must be a shining panel of memory. To recall triumphs fairly won and hard fought, is indeed, almost the acme of pleasure. "Sweet is pleasure after pain," sang the minstrel. Sweet, indeed, is the reward of victory.

What of the rewards of defeat? To go down fighting hard for a good cause, to see the men who really fight hard unless his cause be righteous, to him at least—ought to constitute one of the brightest achievements of life, a rose in the chaplet not lightly to be thrown aside.

NO RESERVED SEATS FOR COURSE THIS YEAR

Contrary to the usual custom there will be no reservation of seats this year for the Charleroi Entertainment Course. The reason is that all the attractions will have to be presented in the Methodist Episcopal church during the erection of the new school building which is to contain a big auditorium and in the church it would be practically impossible to have seats reserved. Committees looking after the preparation of the affair have placed tickets on sale. The first entertainment will be given on the night of November 5, election night. Lee Francis Lybarger, lecturer will appear.

PICKED UP IN PASSING

A traveling man tells the following: Three strangers were in the Pullman smoker, when one of them turned to another and asked:
"How far is it to Pittsburg?"

The man addressed made no reply, but got up and left the car. The stammerer then turned to the third man, who gave him the information.

A few moments afterwards the third man met the one who had left the car and said:

"See here! Why did you go out without answering, when that man asked you a civil question?"

"D-D-Do you think I w-w-wanted to g-g-g-get m-my head knocked off?" was the answer.

The Rev. John McCannagh, president of Notre Dame College, tells of a priest who was giving a lecture on the evil of great wealth. In the audience was a man, the priest knew. The man was the father of seven girls, and the lecturer pointed to this man as an example.

"Think," said the priest, "of being the proud father of seven daughters. Think who is happier—the man with a million dollars, or the man who is the father of seven daughters."

"I will ask you, Mr. Sheldon, who do you think is the happier?" said the priest, pointing to the subject of his argument.

The man arose and said:
"Father, I think that a man with seven daughters is the happier. A man with a million dollars worries for more. A man with seven daughters never does."

MONONGAHELA MAN HUNTING HIS MONEY

Hopeful that he will get back \$1,000 from which he was separated through the shrewdness of two clever swindlers several days ago, Elias Haddad, a Syrian of Monongahela has gone to Youngstown, Ohio, together with a friend to ascertain if two men arrested there are the ones at whose hands he suffered. Haddad says the man who was prevailed upon to invest in Ohio real estate and was foolish enough to deposit his thousand simoleons in a tinbox along with what was told him was the balance of the money to complete the deal.

Haddad thought he saw the entire transaction and when he was told to watch the box to see that it didn't get away, he quickly acquiesced. After standing over the box for a period of about five hours he reached the conclusion that something was wrong, and started out to find the two men. Instead he found a policeman and the box was opened. It contained nothing but rolls of paper, it having evidently been substituted for the one which really did contain the money.

PITTSBURG PICTURE Coming to Coyle

A two reel feature will be the attraction at the Coyle Theatre on next Thursday. A number of the scenes are taken in the Pittsburgh Steel district. The story is of a little youngster who thinks his "Daddy" stands next to no man. Their home is in the steel manufacturing territory which borders Pittsburgh. The little fellow has seen a stranger borrow his "Dad's" knife and fail to return it. The next day the married body of the foreman of the mill department in which the father worked is found and near him lay the knife which the stranger had borrowed. So the little boy's father is arrested on this evidence and held by the Coroner's jury for murder.

The youngster tries to tell of the strange man, but his story is not accepted. Having heard his father of ten speak of President Taft and Justice he determines to go "higher up" with his "Daddy's" case.

He steals away from home, climbs aboard a train to Washington and persuades the trainmen to carry him through. He arrives and inquires his way to "Mr. Taft's" only to be refused an audience when he gets to the White House. That night he sleeps in the White House grounds and as he is being awakened the next morning by a guard, a crowd of the usual curiously inclined gather about and among them the little hero recognizes the stranger who borrowed his father's knife. Jumping on the man's hands the policeman to arrest the man. Something in the child's accusation and the man is arrested, taken to the station house and there confesses. A telegram is sent to Pittsburgh. The jury is just about to render a verdict of guilty when the man's son arrives. The youngster has saved his "Daddy."

Beallville Pastor Resigns.

Rev. Henry C. Millington, who has been pastor of the Beallville, Center-ville and Taylor M. E. church for the past two years, resigned from his position last week at the close of the fourth quarterly conference.

Working on County Bridges.

The commissioners expect, by the first of November, at least, to have 25 of the damaged bridges in commission again. More than two score county structures were put out of service by the floods this season. The bridges so far erected have been on the much traveled highways.

To Build Synagogue.

The Jewish people of Bentleyville are planning the erection of an up-to-date synagogue. Steps have been taken toward the organization of a congregation.

New Gas Company Chartered.

The Mutual Gas company has been chartered at Harrisburg with a capital of \$5,000. The company is to do business in Marianna and Zollarsville.

Inspector at Claysville.

S. R. Parke of Philadelphia of the state department of health, Harrisburg was at Claysville last week and made a thorough inspection and close inquiry into water supplies, drainage, the water system, sewage, etc., on the application by council for sewerage Main and Greene streets.

Grange is Organized.

County Deputy V. A. Mowl and State Lecturer E. B. Dorsett closed the charter of Edwards grange Monday night with 60 charter members. The same organizers will be in the Marianna district the first of November.

Burgettstown the Mecca.

The Burgettstown Fair was the Mecca of the politicians of the county as well as of all the court house officials, practically, on Thursday. It is stated that 12,000 people were on the grounds, and that scarcely an auto or other conveyance could be found at the county seat on that day. It was a good fair at that, as well as final round-up for the politicians.

Veterans Well Received.

Twenty-four members of the famous Eighteenth Pennsylvania Cavalry answered the roll call at the fifth annual reunion of the command held at Claysville Thursday. There were 28 other veterans of the Civil war present. It was decided to hold the next reunion at Rogersville, Greene county. The parades were held by the veterans during the day.

MONESSEN ELKS PLAN ERECTION OF NEW TEMPLE

Monessen Elks are planning the erection the coming year of an Elks Temple on a site recently purchased on Seventh street. The structure will be built on two lots. Architect J. C. Lohman has prepared plans for the edifice, which will be 43 feet wide and 105 feet long with a four story appearance in front. It is to be of brick with stone trimmings. The first two stories will be stone and the top brick.

On the first floor, which might be termed the basement floor, will be found the grill room, kitchen, dining room and shower bath. Below this there will be a sub-basement for the lighting and heating plants. The second floor will have ladies' parlors, lodge room, men's smoking room, ante-room, secretary's office and men's and women's retiring rooms. The floor above will be arranged with a stage for minstrels and a hall for dances. The topmost floor will be devoted entirely to steward's quarters.

The plans are so made so that parts of the temple may be leased for theatrical purposes and private balls. Likely the contract will be let about the first of the year.

The building committee appointed with power to act and to serve not only until this modern structure is completed but also until it is paid for, consists of the following members: J. J. Cushing, chairman; William T. Smith, secretary and ex-officio member of the committee; Alfred Tanzer, Carl Woodward, Roy Reeves, J. I. Smith, H. F. Craig and H. J. Reaser.

MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not every woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results. There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

She Had Consumption, Was Dying; Now Well

Eckman's Alternative is being used with success in the treatment of tuberculosis in all parts of the country. Persons who have taken it, improved, gained weight, exhausted night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Gorer's recovery.

"Gentlemen: Thinking that perhaps a short history of the remarkable recovery of my mother-in-law (Mrs. Anna Gorer) might benefit some other sufferers, I am writing the following testimonial: About September 10, 1908, she was taken ill with Catarrhal Pneumonia, and continuing grew worse, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night; her cough increased and got so bad that everybody expected that she would not live much longer. In January, when Rev. Wm. Berg, of St. Michael's Church at Shreveport, Ind., prepared for her death, he recommended that I get Eckman's Alternative, and see if it would not give her some relief. I then required the attending physician to give his diagnosis and he informed me that she had Consumption and was beyond all medical aid. When I asked if he thought that it was useless to try the Alternative, he replied that 'No physician could help her any and I could suit myself about it.' So I immediately had Rev. Wm. Berg to send for a bottle. Practically without hope for recovery, I insisted that she try the Alternative, which she did. I am glad to say that she soon began to improve. Now, she works as hard as ever, weighs twenty pounds heavier than she ever did before she took Eckman's Alternative. She frankly says she owes her life and health to Eckman's Alternative."

(Signed Affidavit) JOS. GRIMMER.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Trouble, and in rebuilding the system. Does not contain poisons, opiates or habit-forming drugs. CHILDREN'S KIDNEYS

No Charleroi Mother Should Neglect the Little One's Health.

Oftentimes weak kidneys cause great annoyance and embarrassment to children. Inability to control the kidney secretions, at night or while at play, is attributed to carelessness and too frequently the child is punished. Parents having children troubled with kidney weakness would do well to treat the kidneys with a tested and proven kidney remedy. If there is pain in the back, discolored urine, irregular urination, headaches, dizzy spells or a tired, worn-out feeling, begin giving Doan's Kidney Pills at once. This remedy has been used in kidney troubles for over 75 years—it has cured and has been recommended by thousands. Proof in a Charleroi citizen's statement.

Mrs. Robert Coulter, 207 Prospect Avenue, Charleroi, Pa., says: "Some years ago my son contracted the measles and on recovering, I noticed that his kidneys were very weak. He had no control over the passage of the kidney secretions and this was especially annoying at night. I had often seen Doan's Kidney Pills highly advertised in the local papers and was finally induced to procure a supply at Piper Bros. Drug Store. I had my son use them according to direction and before long he was greatly benefited. He is still using Doan's Kidney Pills and I am certain that a complete cure will soon be effected."

TEN PARTIES ON BALLOTS

Voter Will Have Trouble Deciphering His Wants When He Gets Ballot

When the voter receives his ballot at the general election in November, he will discover that he will have to do tall thinking to enable him to vote as he desires. Ten political parties will have candidates' names on the ballots. At least that is the number that is on record at the State department and unless some of the parties withdraw their electors there will be 10 columns on the coming ballot.

The ten parties with electors that have filed papers in the State department are: Republican, Democrat, Prohibition, Keystone, Socialists, Washington Bull Moose, Roosevelt Progressive, Industrial and Lincoln. So the voter "pays his money and he takes his choice."

The last party to file electors was the Lincoln and it got in at the last moment.

The last day for the withdrawal of papers is October 19 and by that time it is expected the dead wood will be gotten rid of and the real candidates made known. Next Monday is the last day for filing objections to papers.

The entire force of the State department, headed by Secretary McArthur and Deputy Secretary, is on the job but it will take them at least two days to get the papers tabulated and placed in a readable form. Two belated papers filed at the State department Wednesday morning, being those of two candidates for representatives on the Socialist and Washington parties in Philadelphia, and they were promptly sent back as not being filed in time. They were registered and consequently were not delivered until too late.

COUPLE DISAPPEARS; MARRIED IN CHICAGO

A letter to a friend in Monessen clears away what for a time was a sort of a little social mystery concerning a young Charlevoix couple says the Monessen Friday Evening Call. About two months ago Herman Allshouse a popular attaché of Geo. D. Clark's grocery on Fifth street, dropped out of sight and no one seemingly knew where he had gone. About the first of September Miss Elsie Albright, also employed at the Clark store, disappeared as suddenly and mysteriously as had Mr. Allshouse. The letter to the Monessen friend announces that this young couple were married in Chicago on September 4th and now they are living happily at Gary, Ind., where Mr. Allshouse is employed as inspector in the rail department of one of the mills. It seems that he went directly to Gary and being successful in procuring a position, he broke the news to his "best girl," and she too took the trail, and landing at Gary, the two proceeded to Chicago, which is not far distant and had the nuptial knot tied good and strong and returning, settled down in a neat little home in a busy and progressive town along the lake shore.
